APPEAL TO UNDERGRADS FOR ORDER

"The Eyes of Montreal Are
Upon You"

E. C. AMARON

President Urged Good Be-
haviour at "Red and
White Revue"

In an interview with a member of
the Daily Staff on Saturday, Errol C.
Amaron, President of the Students'
Council, and who is at present slowly
convalescing in the Royal Victoria
Hospital, made an earnest appeal for
the proper maintenance of order on
the forthcoming Theatre Nights.

The students of McGill should re-
gard a polite and refined behavior on
these occasions, as a duty to the
general public. It is time that they
will be particularly "Red and White"
nights, but it should be remembered
also that people from outside will be
in attendance, but it is not expected
that there will be any cases of serious
hooliganism. If there are any
students who propose disgracing
themselves, they should reflect, and
remember that there are others who
want to enjoy a "Revue" put on by
fellow-students.

Then the duty to the actors should
not be overlooked. They have given
generously of their time and talents,
and it is only fair that they should
be given a chance to display what
degree of perfection they have at-
tained, unhampered by the ungenerous
conduct of some of their audience.

It must be borne in mind also, that
any damage to the Theatre furniture
will have to be accounted for by the
University, and will mean a deduc-
tion from the door receipts. The
money raised will be used for the
benefit of the undergraduates, and
it would be deplorable if it were
found necessary to pay for damage
caused by the stupid actions of a
few inconsiderate students.

Finally, it is inevitable that any
rowdism or unnecessary noise must
react on the good name of McGill,
and will greatly endanger the pos-
sibility of Theatre Nights for the
future. These indisputable facts con-
stitute a plea to the gentlemanly
qualities of every student. Any misbe-
havior brings discredit, disgrace, and
dishonour to the student himself, to
his class, but most of all to his Uni-
versity. With one or two exceptions
the behavior at last Year's Theatre
Night was exemplary and it would
be well if the slogan on that occasion
was adopted as this year's motto
"The eyes of Montreal are upon you."

TWO CLUBS HOLD JOINT MEETING

Historical and Political Econo-
my Clubs will Discuss
Nationalism and In-
ternationalism

"Nationalism and Internationalism
in Europe during the Nineteenth Cen-
tury" will be the subject of discus-
sion at an open meeting of the His-
torical and Political Economy Clubs
in the Union Lounge Room on Tues-
day evening, April 1st, at 8.15 p.m.
Invitations have been issued, and it
is hoped that there will be a repre-
sentative attendance of university pro-
fessors, students and friends of Mc-
Gill. Sir Arthur Currie will be in
the chair. Papers will be read by E.
R. Alexander and L. C. Tombs, and
promise to be of particularly high or-
der. The former of these will treat
the subject of the evening from an
economic point of view, and the lat-
ter from a political angle. It is fully
expected that a spirited discussion
will follow.

The marked success of the open
meeting of the Political Economy Club
last April inspired the thought that
one might be arranged for this year
to include the Historical Club. The
meeting on April 1st is the result,
and a most interesting and worth-
while evening is anticipated.

DAILY MEN.

All reporters are expected
in the office by seven o'clock
to-night. Today's staff is ex-
pected to report for assign-
ments at noon as usual, but
there will be no evening work.

NOMINATIONS FOR ATHLETIC BOARD TO-DAY

Elections Will be Held on
Thursday

MUCH INTEREST

Good Men are Expected for
the Vacancies

The nominations for the Athletic
Board of Control must be in the
hands of the Secretary at the Union
by 6 p.m. tonight. The nominations
are to be signed by 25 members of
the Students' Society. There are
rumours about as to who are likely
to contest the positions but as yet
nothing is definitely known.

Nominations for the Presidency of
the Literary and Debating Society,
Canadian Club, Musical Society and
a Cheer Leader. These nominations
are to be signed by 15 members of the
Students' Society and be in tonight at
6.00 p.m.

The election will be held on Thurs-
day March 27th and as these positions
are very important, the students
should be careful to give these vacan-
cies the best men possible so that
they may continue to grow and ex-
ercise an influence on the activities of
the undergraduates.

The Literary and Debating Society
have held a very successful year so
far as the interest of the students is
concerned and the number of con-
tests entered even if they have not
won all their battles. The Society is
increasing in importance and a good
man is necessary at the head to con-
tinue the good work of the past chief
executives.

The Musical Society will of course
continue to wield a vital influence on
the students' affairs and in order that
our blues may be wafted away on
the harmonious chords, we pray for a
little indulgence in this capacity and
may the best man win.

McGILL TENNIS STARS PLAY INDOOR MATCHES

Over the week end Willard Crocker,
Jack Wright and Dan Morrice played
in an invitation tennis tournament
at the Montreal Indoor Tennis Club.
In what was probably the best match
of the tournament Crocker and
Wright were beaten by Throckmorton
and B. S. Prentice of N.Y. 12-10,
4-6 and 8-1. Other results were
singles Crocker beat Throckmorton N.Y.
6-2, 3-6 and 6-3. W. E. Crocker
and Jack Wright beat W. Washburn
and J. Myrick, former President of
the U. S. Lawn Tennis Association
7-5, 2-6, 6-2. Dan Morrice paired
with S. Cushing defeated Sam Hard-
ing, former captain of the U. S. Dan
Cup team, and T. Sturges 6-3 6-4.

REHEARSAL ON SATURDAY WAS SUCCESS

Show Run Through without a
Hitch

COMMITTEE PRESENT

Uncalled for Mail Order Tick-
ets go on Sale To-day

What has proven the most suc-
cessful rehearsal so far, was held in
the St. Denis Theatre last Saturday
afternoon. The whole show was run
off without a hitch and the producers
of the Revue are very optimistic as
a result of this performance. The re-
hearsal, the last before the dress
rehearsal on Thursday, was held with
the stage scenery all in place which
greatly assisted the actors in accus-
toming themselves to their surround-
ings. The scenery was changed for
every act and it was noticeable how
well this part of the show was car-
ried out. The changing of the scenery
was carried out in good order and
without any hitch so that the theatre
are assured that there will be no long
goers on Friday and Saturday night
waiting between acts.

Professor Hacher and Dr. Mac-
Millan of the Advisory Committee
and an outside critic were present
and which fact probably stirred the
actors to greater efforts in their
work. Today at five o'clock there
will be a meeting of the producers
and property men in the Union to
discuss plans for the full dress re-
hearsal on Thursday night. This re-
hearsal will be the all-important one
and will be the last before the show
is presented unless the members of
some skit have difficulty with their
lines.

Everyone who saw the rehearsal on
Saturday prophesied a great success
for the show. Meanwhile the sale of
tickets indicates that the undergradu-
ates are eagerly expectant for the
presentation of the show. A cheering
piece of news to those delinquent in
getting their tickets is that today at
noon the uncalled for mail and tele-
phone orders will be placed on sale.
Some of these are among the best
seats in the house and it is expected
there will be a line-up in the Union
to take advantage of this. Tickets
have also been placed on sale at all
Hyman's Cigar Stores which means
that they have been offered to the
public. The last opportunity, there-
fore, for the undergraduates to ob-
tain tickets is to take advantage of
tomorrow's sale because it is more
than likely that the tickets on sale
down town will not last long.

R.V.C. REPEAT GYM AND DANCE DEM.

Large and Enthusiastic Audi-
ence on Saturday Night

On Saturday night the Demonstra-
tion of Gymnastics and Dancing was
repeated in the R. V. C. Hall before
an even larger audience than on the
previous night.

The first part of the program con-
sisted of gymnastics by the elemen-
tary, intermediate and advanced
classes, which entered the Convocation
Hall in the order named, and gave
an exhibition of an extremely vigor-
ous "New Daily Dozen."

Following this the intermediate and
advanced classes performed first an
exercise with wands and clubs, and
then an exhibition of formal gymnas-
tics. Later the two classes did some
wonderfully clever apparatus work,
which received great applause. The
first part of the program ended with
an inter-year relay, the first race be-
ing won by Second year and the sec-
ond one by Fourth year.

Part two of the program was a de-
monstration of dancing, which began
with a spirited Jockey Dance by the
Elementary Class.

In the other numbers the countries
typical dances were gracefully given
were Spain, in which the haughty
(Continued on page 4)

Dack's SHOES for MEN

"The Pedestrian"

A thoroughly dependable boot
that has never been equalled
for wear.

A Canadian Colonel

is today wearing a pair of Dack Pedestrian
(Military style) shoes that were sent to him
in the trenches in 1918, and they have been
soled and healed seven times.

Where can you find a shoe, excepting at
Dack's, that the welts and uppers will
wear seven years and stand eight soles?

While this may be exceptional, it proves
the quality.

New style book and self-
measurement chart will
gladly be sent free on
request.

Dack's shoes can only be ob-
tained direct by mail or from
their stores in Toronto, Mont-
real and Winnipeg.

This cap stays put!

Other caps get lost but the new Williams
Hinge-Cap stays where you want it. Truly,
that's an improvement.

Like the cap, the shaving cream in the
Williams tube is a big improvement, too. For
Williams lather is heavier and faster-working.
It holds the water in, so that your beard is
softened sooner. And the lather lubricates. The
razor fairly glides over your skin! Because of a
soothing ingredient in Williams you can shave
daily yet always have a smooth and well-cared-
for face. Williams is pure, natural-white cream.
Absolutely without coloring matter. Buy it, try
it—with the new Hinge-Cap!

MONTREAL, MONDAY, MARCH 24, 1924.

THE HERITAGE OF THE PAST.

At this time of the year, when most of us are burning the midnight oil more than is our wont, it may well occur to us whence all this knowledge, and what does it all mean? Certainly it did not come of its own accord. Our present knowledge has been the result of the gradual accumulation of evidence, the work of myriads of workers, all of whom have made their individual contributions and passed on. No great discovery has been the work of any single worker. In the realm of literature, for instance, there are numerous thick volumes of commentaries on where this or that word was first used, or where Shakespeare got the idea of some particular incident. The work of the genius is not so much to make new discoveries of his own, but to gather the existing threads together and to give these truths to the world in a coherent and understandable manner.

Without our heritage from the past we would be very much in the position of our primordial ancestors. They were faced with difficulties which do not trouble us to-day. They were very similarly equipped as an infant just beginning to be conscious of the things about it. Everything had to be learned by experience. While it is still necessary to learn by experience, in these latter days one is able to abridge the period of training by calling on the experience of those who have gone before.

Learning as they did by trial and error, many mistakes were made and many misconceptions gained popular approval. When further experimentation brought out new facts which showed the fallacy of the orthodox views, great minds often took opposing views about the interpretation of the known facts. This state of affairs stimulated further work, and in this manner the world has progressed. In all the sciences before the truth in so far as it is now revealed became orthodox, some great fundamental discovery would put workers back on the track. Before Darwin there were men who promulgated various theories as to how species reached their present development, but his work finally put the study on a sound basis. The formulation of the atomic theory placed chemistry on a solid foundation. Newton's work gave the study of physics a principle which pulled the science out of the quagmire of doubt. And so on in all the sciences some great discovery has been the rock on which the whole superstructure has been built.

In our time we are spared in large measure the early struggles which were necessary to place the studies on a firm basis. We are the heirs of the ages. There is for us in comparison to what it might have been a royal road to learning. Here in the University we are able to obtain the necessary training that we may profit by our heritage. It is then our privilege to make use of our opportunities that our preliminary work here may equip us to follow our chosen line of work and to make whatever contribution we may be able to the common weal.

CONDENSED COMMENT.

We are printing on another page an interview with E. C. Amaron, president of the Students' Council, in which an appeal is made to the student body to conduct itself in an orderly manner at the forthcoming performances of the Red and White Revue. It should not be necessary to enlarge upon this. Next Friday and Saturday night the university is on exhibition, and it is up to the students to present themselves in a favourable light before the public. The honour of our Alma Mater is at stake and it is expected that every undergraduate will uphold it as a gentleman should.

Members of the undergraduate body are reminded that all nominations for student members on the Athletic Board, and for the positions of President of the Musical Association, President of the Literary and Debating Society, President of the Canadian Club and leader of the Rooters' Club, must be in the hand of the Secretary by six o'clock this evening. This is the first time that nominations of this sort have ever been called for, and it is important that students should co-operate in the furtherance of this new method of selection. A good start will mean a decided step toward success.

NOTICES

FENCERS.

There will be a meeting of the Fencing Club at 5 o'clock on Tuesday, March 26, to discuss very important business matters. All members are urged to attend, as their opinion will be asked on important constitutional matters.

GRADUATING CLASS COMMITTEE.

An important meeting of the Graduating Class Committee will be held on this afternoon at 5 o'clock, in the Music Room of the Union. Representatives from the graduating class of each faculty on this occasion include the class president, vice-president, secretary-treasurer, valedictorian, historian and class prophet.

It is important that everyone be on hand at this meeting, so that plans for graduation week may be gotten under way.

ANNUAL BOARD NOTICE.

The Annual Board have copies of the following group photographs waiting to be called for at the Board Room any day at 5 o'clock:

Literary and Debating Society.
Students' Council.
Medical Undergrad Society.
Arts Undergrad Society.
Medicine '25 Indoor Baseball Team.
McGill Harrier Team.
Medical Football Team.
Rowing Club.
Physiological Society.
Tennis Team.
Intermediate Football Team.
McGill Rifle Association.
Track Team.
Science '27 Basketball Team.

THEATRE TICKETS FOR EXCHANGE.

The undersigned has four Theatre Night tickets for Friday, March 28, which she wishes to exchange for an equal number for the Revue of Saturday night, March 29.

MISS CLARKSON.
M.S.P.E. '24.

NOTICE.

Any societies, classes, or teams which have accounts with the Annual Board for the taking of group photographs, should settle their accounts in the near future. Cheques may be made payable to K. A. Henderson, Business Manager, or 10¢ in porters rack at Union.

CHESS CLUB.

The annual meeting of the Chess Club will be held in the Lounge Room of the Union at 5 o'clock on Tuesday, March 25.

Business: Election of officers for coming year; report of this year's activities and general.
All members are requested to attend.

MEDICAL ELECTIONS TO-DAY.

The candidates are reminded that they must each furnish a scrutineer for the Medical Society elections on Monday. They will have their scrutineers present at the hours indicated—each scrutineer acting for two hours except in one instance, as follows:

From 9 to 11 a.m.—G. Pretty and S. Duffy.
From 11 a.m. to 1 p.m.—G. Dempsey and J. G. Senecal.
From 1 to 3 p.m.—B. C. Leach and K. S. MacLennan.
From 3 to 4 p.m.—N. P. Hill.
From 4 to 6 p.m.—B. D. Robertson and G. Grassick.
From 6 p.m. on to help counting ballots—W. Butler and J. Lantz.

OPEN MEETING OF ALPHA OMEGA ALPHA.

Readers of the Daily will remember that on March 10 was to have been held the open meeting of Alpha Omega Alpha Honorary Medical Society, addressed by Dr. F. J. Shepherd. Owing to the necessity of an important meeting of the Medical Undergraduate Society on that date, the A. O. A. postponed their meeting until to-day.

Dr. Shepherd has taken for his subject: "History of the Medical Faculty," a subject which should be of the greatest interest to every undergraduate in the University. Established in 1824, the Medical Faculty was the first of all the departments of McGill to be founded, and in the subsequent 100 years its history has been intimately associated with that of the whole college. His sixty years of close association with McGill and the Montreal General Hospital makes Dr. Shepherd particularly fitted to speak to us about the history of the institution.

The whole undergraduate body of McGill and any graduates who can come are cordially invited to be at the New Medical Building at 8.15 on Monday evening.

There will be a meeting of the producers and property men of Theatre Night in the Union at 5 o'clock.

WESTERN CLUB EXECUTIVE.

There will be a meeting of the Western Club executive this afternoon at 5 o'clock, in Strathcona Hall. This includes the entertainment committee.

JUNIOR HOCKEY.

Will the following hand in their equipment to Bill Holden at the Union between 12 and 2. This must be done before Wednesday:

A. Abbott,
J. Mickles,
R. Eveleigh,
F. Roncarelli,
J. Gordon,
A. MacDonald,
W. West,
A. Boos,
H. Carley,
H. J. McCarrey,
C. Coleman,
D. Mulligan,
A. Whitehead.

NEWFOUNDLAND CLUB.

The annual dinner of the Newfoundland Club will be held on Tuesday, at the Edinburgh Cafe. All Newfoundlanders at the University are asked to meet at the Edinburgh at 5 p.m.

SOCCER.

Indoor practice will commence on Monday, March 24, at 5 p.m., in the Molson's Hall Gym. A practice will be held on Mondays, Tuesdays, and Fridays, at the same hour, during the rest of the term. All those who turned out for soccer during the past season are requested to be present. Any who are desirous of learning the game, are invited to attend. Gym attendance will be given.

MACCABAEAN SCHOLARSHIP.

Applications for the scholarships to the Intercollegiate Menorah Summer School must be in by Monday, March 30th. Applicants must give a short autobiography and state what benefits they seek to derive from the scholarship. Address applications to S. Mirsky, B.Sc., 68 University St., Montreal.

TRACK CLUB.

Annual meeting of the Track Club will be held at the Union on Tuesday, April 1st, at 5 p.m. All interested in track work are urged to turn out, as several matters of importance will come up.

COMMERCE SKIT.

There will be a meeting of the Cast in Strathcona Hall this afternoon at 5 o'clock sharp.

OPEN MEETING.

An open meeting of the Historical and Political Economy Clubs will be held in the Union Lounge Room, evening, April 1st, at 8.15 p.m. Chairman, Sir Arthur W. Currie. Subject of discussion: "Nationalism and Internationalism in Europe during the Nineteenth Century." Speakers: E. R. Alexander and L. C. Tombs. A cordial invitation is extended to members of the university staff, students and friends of McGill.

tended to members of the university staff, students and friends of McGill.

THEATRE NIGHT ORDER COMMITTEE.

It is requested that those responsible for the various faculties will meet at the Union at 5 p.m. to draw. The names of those responsible for classes and other groups should be available, together with any ideas on conduct of committee for March 28 and 29.

TRACK MEN.

Will those men who are entered for the Provincial meet, come to the Union on Tuesday or Wednesday, between 5 and 6 p.m., to draw their uniforms.

TRACK PRACTICE.

The last indoor practice before the meet will be held tonight at the Craig St. Armoury, at 6 o'clock.

HISTORICAL CLUB.

Roger Bigelo Merriman, B.Litt., Ph.D., Professor of History, Harvard University, will address the first annual dinner of the Historical Club in the Union on Saturday evening, April 12, at 7.15 p.m. Also short speeches by Sir Arthur Currie, Prof. Stephen Leacock, Prof. Basil Williams and Dr. P. S. Patch. A re-union of old members will take place. Tickets may be procured for \$1.75 from the President or Treasurer.

MEDICAL SOCIETY ANNUAL MEETING.

The annual meeting of the Medical Undergraduate Society will be held on Monday, March 31st, at 8.15 p.m. This will be the final meeting of the year, at which next year's executive will be installed.

THEATRE NIGHT POSTER DISPLAY

Extensive Advertising Campaign is Being Carried Out

To-day the posters, which have been made for the "Red and White Revue," will be on display in various store windows down town. Some of the large stores are putting in special window exhibits in keeping with the spirit of the occasion and done in red and white colours. These will be displayed by Birks, Mappin and Webb, Goodwin, Morgans and the various Laura Secord shops. Great credit is due to Basil McLean, publicity manager and President-elect of the Students' Council, and to Jack Wall and his army of poster makers.

The whole city will be covered including various suburbs and Westmount, Outremont, Notre Dame de Grace, Maisonneuve and Verdun. During the past few weeks men with the required ability have been busy designing various kinds of posters so that all might be in readiness for the final ticket-selling drive which will take place this week. By this means it is expected that the news that McGill is putting on a "theatre night" will become known to the public, and no one should be deprived of the opportunity of seeing it's existence.

one of the shows through ignorance. Many fine posters have been made by students and it is said that these are of a very high order and reflect great credit to their designers.

McPhail is Treasurer by Acclamation

We, the undersigned, nominate J. Duckworth of Arts '27 for the office

Member of Class '21: "1432, none."

For five years this branch of winter activity has progressed, and for that time Dartmouth and McGill have exchanged the championship with some

Money and Midnight

A great deal of nonsense is told from pulpit and press about the monetary origin of evil. But, while the worship of dollars is deplorable, a healthy respect for money is both wise and necessary.

THE UNION CAFETERIA

is kept open until midnight in order to help you cultivate this respect for money. Our prices are lower and, while we have no canaries singing serenades in willow cages, the atmosphere and setting of the Cafeteria is distinctively McGill. And then, in addition, you are offered a \$5.50 ticket for \$5.00. I merely mention this in passing for the Cafeteria is your own institution and any margin of profit goes to the students.

Pierre

DR. SHEPHERD TO ADDRESS MEDICALS

"History of the Medical
Faculty"

TO-NIGHT AT 8 P.M.

All Medical Students Are
Cordially Invited to
Attend

This evening the Medical Undergraduates will have the privilege of hearing an address by Dr. F. J. Shepherd. Through the courtesy of the Alpha Omega Alpha Society the meeting is thrown open to all medical students. Dr. Shepherd will dwell on "The History of the McGill Faculty of Medicine." The meeting will be held in the Assembly Hall of the New Medical Building at 8 o'clock.

Due to the date of the meeting for the Medical Undergraduate Society and the Alpha Omega Alpha Society conflicting, the latter were kind enough to postpone their meeting till this evening. It is the custom of the Alpha Omega Alpha Society to hold one meeting in the year at which the entire undergraduate body may be present. This society is not very well known to the students and it may be said that it is an honorary fraternity, the basis of membership being a good scholastic standing.

The Medical Faculty was the first to be formed at McGill and the important event took place in 1824, one hundred years ago. The Faculty is doubtless the one which lends distinction to McGill, it being famous for its teachings and graduates the world over. A few years ago women were admitted to the study of medicine and now there are many women graduates with about a dozen lady undergraduates. However, Dr. Shepherd, who has been connected with McGill for many years and with the Montreal General Hospital, being Emeritus Professor, will give the history of the faculty in detail. The speaker has been associated with the University for over sixty years and is, if any one, well qualified to deliver such an interesting address. At present the registration in the Medical Faculty is over seven hundred with a very high standard of efficiency.

R. V. C. REPEAT GYM AND
DANCE DEM.

(Continued from Page One)

Spanish lady is shown as the Rose of Old Madrid, Russia, Italy, Greece, and Old England. Two of the prettiest dances were Pierrette and Pierrot, in appropriate red and white costumes, and the Piper and the Nymphs, in which Miss Glen Cameron, as the Piper, assisted by the Misses Gurd, Warren, R. Murray and Hutcheson, portrayed the very spirit of the woodland the mountains.

Each of the dances received enthusiastic encores.

The last event was a grand march in costume, at the close of which the Physical Director, Miss Cartwright, and her assistants, Miss Wain, Miss Harvey and Miss Christie, were presented with bouquets of roses by Miss Carol Robertson, President of the R. V. C. A. A.

The program ended with the singing of God Save the King and a hearty McGill Yell, after which dancing was enjoyed for a short time in the Convocation Hall.

Following is the program:—

- PART I.
- 1—A "New Daily Dozen"—Elementary, Intermediate and Advanced.
 - 2—Indian Clubs and Wand Exercises—Intermediate.
 - 3—Formal Gymnastics—Intermediate.
 - 4—Apparatus—Advanced and Intermediate.
 - 5—Inter-year relay.
- PART II.
- 1—Jockey Dance—Elementary.
 - 2—Rose of Old Madrid—Intermediate.
 - 3—Russian Dance—Intermediate.
 - 4—Country Dance—Intermediate.
 - 5—Sorrentina—Intermediate.
 - 6—Greek Dance—Advanced.
 - 7—Pierrette and Pierrot—Intermediate.
 - 8—The Piper and the Nymphs—Advanced.
 - 9—Grand March.

God Save the King.

STEEL WAISTCOAT HELPS DIVERT WOMAN'S ANGER

It has come to the attention of the "Daily" that McGill has within her halls the legitimate successor of that famous inventor, Thomas Edison. A giant brain of great genius has been discovered to exist within the modestly framed cranium of a bashful western student in first year Commerce. Perchance it may be that his intellect is the product of God's country, the land of mountains, the sea, and the great open spaces, but it is more than probable that once more the ancient saw which claims necessity to be the mother of invention has been born out in its veracity. For the latest invention of this master mind has been the result of a very real necessity, that of instinctive self-preservation.

The reason thereof is this. Some time ago this retiring English Rugby player, by the way an ex-student of that he-man producing institution, the Royal Naval College, found out that he was the rightful possessor of untold wealth, for the time-being hidden and somewhat tied up, but nevertheless really existent, and destined in the future, to be exact on his twenty-sixth birthday, to be productive of an income fabulous in its extent. Stunned by the shock of this discovery, he artlessly let slip this choice tit-bit of information, which immediately by the ordinary and broadcast channels of communication, found its way into the gossiping halls of the Royal Victoria College. No sooner did the co-eds become aware that an heir was at large on the campus than the unfortunate woman-hating undergraduate, who had heretofore spent a perfectly unmolested and rather obscure year in Science, was the subject of artful wiles and attentions which became acute by embarrassing as time progressed. Added to his misery was the fact that

this year of our Lord, nineteen hundred and twenty-four is Leap Year. Hence the number of spontaneous proposals which he was called up to reject due to the previous tying up of his affections in every one of the cities between Montreal and the Coast mounted rapidly from day to day. At the same time, being in receipt of merely an average income, he could not afford to pay the customary penalty. Knowing full well the futility of the adage that Hell hath no fury like a woman scorned, he cast wildly about for an adequate means of protection. The genius of his intellect told him in a flash of a sure method. Accordingly he caused to be constructed a cunning shirt of the finest Milan steel, to be worn beneath his waistcoat, covering the vital parts of his anatomy. Since wearing this shirt he reports that it has turned so far sixteen Colt and Savage bullets of large and piercing calibre, not to mention the scores of stilettoes, bat-plugs, and nail-files. In fact so successful has his invention proved that he has taken out a patent on it, and has sold it to an enterprising manufacturer for an enormous sum, thus adding to his fortune in no inconsiderable. This result has of course increased the desirability of attaching the young man for life, and has added to the murderous attacks of the coquettish to whom he has been forced to give the icy collar-bone, but so far no impression has been made upon his concealed means of defence.

It is to be regretted that the "Daily" is unable to divulge the name of this ultra attractive undergrad but readers of this article may be able to detect him by carefully observing the faces visible on the Campus this morning. The man with the grin of the person who has upset a plate of thick cosy, cream soap into the lap of his hostess will be he.

SOCCER CLUB WILL BEGIN PRACTICES

March 31st in Molson Hall
Gym.

GYM. ATTENDANCE

Tri-weekly "Work-outs" Un-
til End of College Year

After a rest of over four months the McGill Soccer Club will once more resume its activities. Arrangements have been made whereby indoor practice will be held on Mondays, Wednesdays and Fridays at 5 p.m., commencing Monday, March 31st. The practices will be held in the Molson's Hall Gym, and as the walls at either end of the gym are very adaptable to "punting" etc, the practices should be very interesting and profitable.

All who have played Soccer, and any who are interested and anxious to learn something about the game, are invited to attend. The presence of the members of the first team is essential to the success of these indoor practices, for not only is it necessary for them to get into condition, but, their services in helping to instruct the uninitiated will be invaluable. It is hoped that as soon as the snow goes completely, a match or two will be arranged, and this should prove an added impetus to prospective members of the first team.

An additional inducement is that those who attend will be credited with gym attendance, and no more congenial method of obtaining this can be founded.

The past soccer season was a successful one, not only from the increased interest in Soccer and a consequently increased membership, but also from the results of matches played. If this degree of success is to be maintained and also to be improved, it will be necessary for each individual member to assume some responsibility, and to his influence in getting more people interested. Some hope of placing Soccer on an intercollegiate basis may be entertained if the attendance at the practice is sufficiently large and if the players are willing to take the game seriously. It is left entirely to the Club to prove to the Athletic Association that it is worthy of some recognition, and if each member gives the Executive his hearty co-operation, there is little fear of ultimate success in this direction. An earnest appeal is therefore made to all who are interested to turn out for the first practice on Monday, and start the training with a real serious desire to accomplish something.

Mr. Finlay, whose untiring services deserve the greatest commendation has kindly consented to be present at these practices, and to undertake some of the coaching. Associated with him will be men who are anxious to give of their experience, and these practices should prove very useful

PUBLICATION IS NEARING COMPLETION

"Old McGill" Will Appear
by End of Next Week

NEW FEATURES

Government Tax Necessi-
tates an Additional Charge
of Twenty-five Cents

In order to prevent any misconception over the announcement in Saturday's Daily that a government tax of twenty-five cents would be collected over the three dollars and seventy-five cents already signed from the caution money, and giving the impression that as a consequence the cost will be more this year, the Annual Board wishes to announce that this tax was collected last year as well. The Annual Board of last year when faced with this tax was forced to ask for a similar amount. In January the government imposed an additional levy, raising the existing tax from 2½ per cent to 6 per cent. This increase was not included in the estimates so the Board finds itself forced to ask for the extra amount which will be paid directly to the Government and from which the Board does not receive any additional revenue. Thus the margin on which the Board has to work has been cut down to that extent.

The publication is well on the way to completion and it is expected that the Annual will be ready for delivery next week. The entire copy has been set up in its permanent form and the first section has been run off the presses. The subscription lists were collected recently and the names have been filed.

This year's edition of "Old McGill" is among the best of recent years. There will be fifty additional pages. Many features have been introduced for the first time. The reports of athletic activities are more complete than heretofore, including, as they do, detailed accounts of the junior teams and the minor clubs. The cuts are very fine and are in themselves an excellent feature of the volume while the biographies of the individual members of the junior years of the various faculties well up to standard.

The Annual is self-supporting, being dependent for its revenue on advertising, to the photographs of classes and clubs and of course to subscriptions. The Board is anxious to have all outstanding accounts cleared up as soon as possible and has asked that those responsible will attend to this matter without delay. In passing it is interesting to note that "Old McGill" is priced lower than any other self-supporting Annual in America,

and instructive, and the success of the matches later in the term will be entirely dependent on them. The indoor "turn-outs" will also contribute much towards the anticipated triumphs of the team in the fall, and their effect on inter-faculty games must not be ignored. Monday, March 31st, at 5 p.m. in the Molson's Hall.

OPPORTUNITY FOR HOLIDAY WORK

F. P. Ball, Med. '27, Will In-
terview Interested
Students

In the spring, a young man's fancy lightly turns to — summer employment. The vacation season is giving tangible expression to its approval and presence in numerous ways: cawing crows on the mountain now disturb the winter seclusion of the classroom, water gushing from the long frozen snow bank offers its gurgle of laughter. Students who have deferred thoughts of summer employment are now brought forcibly to realize these evidences of spring call for the more immediate necessity of selecting the type of work that will fill their requirements and enable them to return next fall with the all important year's funds.

Firms which made a practice of employing McGill men have been keen to anticipate and sense this spirit of revived activity accentuated by the changing season.

Mr. Campbell, of the Scarboro Co. Canada, Ltd., spent a busy day at the Mount Royal Hotel last Saturday, meetings and discussing the details of the work of this firm, with men of the various faculties. Practically all of the fellows who were down Saturday had familiarized themselves with the salient features of the work through previous interviews with F. P. Ball Med. '27, who has been devoting several afternoons recently to this purpose in Strathcona Hall.

Ball will be in Room A, Strathcona Hall, from 5.15 to 6 p.m. Monday, Tuesday and Wednesday of this week, where any who desire particulars as to this employment may see him.

GEORGE RUMPLE STILL CHAMPION

Only One McGill Man Wins
in Quebec Championships

Over the week-end the Quebec Provincial Wrestling Championships were decided. Of last year's champions, only George Rumpel of McGill retained his title. "Monty" Montgomery, one of McGill's best known graduates, wrestling under the colours of the Central Y, beat McNaughton of McGill in the 145 pound class for the championship. None of the other McGill entries won their bouts in the finals. Demitre and Greenberg both losing their decisions.

In the semi-finals the following results of interest to McGill were rendered:

125 pounds, Greenberg, McGill, beat Rose, Cercle Outremont, (forced to retire after a minute, with injured shoulder).

145 pounds, Montgomery, Y.M.C.A., beat Fisher, McGill, 6:20 seconds.

McNaughton, McGill, beat Brown, McGill, 1:29 seconds.

In the finals:

175 pounds, McCormick of the Y.M.C.A., decision over Demitre of McGill.

191 pounds, Rumpel, McGill, beat Coppola of McGill, 7:40.

123 pounds, Black, Verdun, decision over Greenberg, McGill.

145 pounds, Montgomery of Y.M.C.A., decision from McNaughton, McGill.

PUBLIC SPEAKING AT DELTA SIG. MEETING

The last, and in many ways the most important meeting of the Delta Sigma Society of R. V. C. will be held in the Common Room at R. V. C. on Thursday, March 27, at four p.m.

The meeting will take the form of a public speaking contest. This contest is an annual event and is always looked forward to with considerable interest. Each year will be represented by a team of three speakers, each of whom will speak for five minutes. The winning team will be awarded one point towards the much coveted inter-class banner, while each speaker will be presented to the two best individual speakers. Mrs. Irwin and Dr. Fryer have very kindly consented to act as judges.

This coming event is causing much excitement and speculation among the students at R. V. C. owing to the standing of each class. Up to the present, Fourth Year and Second Year stand equal with two points each. Third Year is next with one point. Thursday's contest, the last of the inter-class competitions, is the deciding factor as to which class will hold the banner for the ensuing year.

R. V. C. students will need no urging to attend the meeting next Thursday. The variety of subjects and the ability of the speakers is well-known; each year will be present to support its own team. Whatever the outcome, the contest will be most interesting, and the afternoon will not be wasted.

PROF. MERRIMAN TO ADDRESS DINNER

Historical Club Will Hold
First Annual Dinner
April 12th

Roger Higelow Merriman, Professor of History at Harvard University, has accepted the invitation of the Historical Club to address the Club at the first annual dinner in the Union on Saturday evening, April 12th. Prof. Merriman is an American scholar and historian of distinction and is one of the best known and most popular instructors in History at Harvard. He received part of his education at Oxford and has a keen sympathy for Great Britain and the Empire. He is noted for his more than considerable knowledge of Spanish history.

Dr. Merriman holds the degrees of A.B., A.M. (Harvard), B.Litt. (Balliol College, Oxford), and Ph.D. (Harvard), and is the author of "The Rise of the Spanish Empire in the Old World and the New" and "Life and Letters of Thomas Cromwell."

There will be also short speeches made by Sir Arthur Currie, Professor Basil Williams, Dr. F. S. Patch (the first vice-president, 1897-1898), and others. Dr. Ira A. MacKay, Acting Dean of the Faculty of Arts, Eugene Lafleur, Esq., K.C., and many old members from the Club's inception in 1897 onwards are expected to be present. The dinner will be in the nature of a reunion of Historical Club executives and memberships, past and present, and promises to be another opportunity for professors, students and graduates to get together and understand each other's point of view.

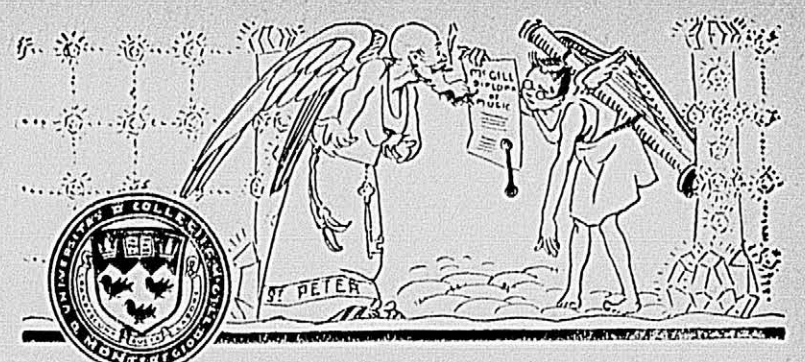

An attractive programme is in the course of preparation, which will include a number of toasts. The dinner should prove a fitting climax to a year of achievement. Past and present members wishing to reserve accommodation are asked to get in touch with the President or the Treasurer as soon as possible. Tickets may be purchased for \$1.75.

A. P. PATTERSON SCI.
'25 IS OPERATED ON

Word was received at a late hour last night that A. P. Patterson of Science '25, Electrical, was operated on for appendicitis at the Royal Victoria Hospital and is at present in Ward J. Patterson is very popular with the members of his class. He hails from St. John N.B.

WHAT THE LILY LEARNED
They were sitting by the lily pond.
The young man and his maid;
"The stars are not as bright, My Love,
As your brown eyes," he said.

Said she to him: "You flatter me.
But I will put you right:
The moon above is not so full
As you, My Love, tonight." —Ex.
